Milk in a Bag

Cow Chow and Bulky-las make more milk at less cost per gallon, because they are really milk in a bag.

You don't vary will increase them. You get for your milk a butter—had you can have your cost of producing it. That's the way to increase your profits.

We're so sure that Cow Chow will make more milk that we'll furnish you free record cards so you can see for yourself. That's fair enough, isn't it?

COFFEE COUNTY HEALTH CRUSADERS.

(By Emma Farria.)

The teachers of Coffee County selected as one of their objectives for this school year 1925-26, the study and practice of health. They have put on a special health drive in the schools. They are cooperating with the Health Department of the County by insisting that the children take advantage of the examinations given them by the Health Unit by having the correct answers made which Dr. Rankin advises.

The teachers and pupils, in order to make the teaching of health more effective have put on the Modern Health Crusade Movement. This means that the children have kept eleven habits every day for three months. At the end of this time they have become Squires and wear a Squire button. If they do these habits 3 months more next year they will become Knights.

Clintonville school is the first one to send in to the office the names of their Squires for this year. They are as follows: Jessie Roberts, Leniz Brabham, Bertha Cordle, Foy Dutt, Weldon Henderson, Ralph Gay, Sanford H. Hines, Hilma Prichett, Andrew Cordle, Clifford Kennington, J. T. Kennington, Manie Andrews, Ester Childs, Ray Johnson, Albert Johnson, Carrie Lee Bass, Garland Ousley, J. D. Holmes, R. J. Roberts, Walidus Dutt, Ethel Williamson, Groves Anderson, Una B. Cordle, L. W. H. Y. BIRTHDAY PARTY.

On Thursday night the W. H. Y. girls and their friends celebrated their second birthday at the home of Miss Margaret Ham.

The living room was artistically decorated with pot plants and valentine decorations. The guests spent the evening in delightful entertainments. At 10 o'clock the club cake which was baked in the colors, was cut. The charter members received the largest slices. A Miss Estelle Bryant and Miss Lucile was served by the hostess, assisted by Misses Fannie Marsh and Hazel Bonneau.

NOTICE! NOTICE! On next Sunday afternoon, Feb. 21, we want to organize a seven-shape singing at Mt. Gilead church, and invite everybody to come and help us, and bring your books. Come early at 2:00 o'clock. We want it to be the best of singing.

CAMPAIGN PERSONALS.

(Continued from page one.)

Two new candidates are Miss Sweetie Goodson, of Brockton, Rt. 2, and Mrs. B. C. Goodman, of Enterprise, Rt. 4. Mrs. Goodman is a very popular instructor in one of Coffee County's schools, and declares that she will make up for time she lost in not entering earlier.

Mrs. Bonnie Turner of Opp has been confined to her bed with the mumps, and consequently has not been able to make the showing that she wishes to, but states that she is some better now, and will come an active candidate again.

Special attention is called to the fact, as announced in this issue of the Clipper, that right after the campaign closes, the subscription price of the Clipper will advance to \$1.50 per year. Attention of Candidates is also called to the article on this page headed "A Million Credits Easily Secured." This is a valuable suggestion if you have the energy to carry it out.

Rumors of unknown origin are floating freely at this stage of the game. They are all without foundation, however, and usually run the course and die in a very short time. It gives the Clipper much pleasure to state that it has not changed the fair and honest plan of the campaign in the least, and does not intend to. Regardless of what may come the Clipper will certainly stand by its plan. We do not note that none of the Candidates seem inclined to stop to heed the petty rumors. They are too busy to indulge in idle prattle.

COME TO MILLINERY DISPLAY AT BROCKTON.

Saturday afternoon Feb. 20, at 3 o'clock the leadership school in Millinery, conducted by Miss Edley Clothing specialist of Auburn will come to a close. The hats made by the leaders will be displayed and Miss Edley will give a prize to the best hat made.

Miss James, Home Demonstration Agent, has invited the ladies from the communities where Home Demonstration Clubs are studying clothing to attend this school and she is very anxious for all men, women and girls interested to attend this exhibit Saturday at the New Brockton School.

Remember the line, Saturday afternoon, Feb. 20th, at 3 o'clock.

We have received our new line of Men's and Boy's Suits—a full range of sizes and all the colors to select from.

MRS. JETER ENTERTAINS—

Mrs. Hendrix Jeter very delightfully entertained the T. E. L. Class of the Baptist S. S. Wednesday afternoon at her handsome new home on Davis Street.

Early spring cut flowers attractively arranged in baskets were the feature of the party. The hostess, assisted by Mrs. Claude Fleming served an elaborate plate.

Mrs. Jeter very courteously showed her guests through her new home which is modern as well as beautiful in every detail.

DR. AND MRS. ROWE ENTERTAINS—

Dr. and Mrs. Monroe Rowe gave a six o'clock dinner Thursday evening when their guests were members of the Coffee County Medical Association and Rev. F. M. Lowery and Rev. T. C. Mahan.

The valentine idea was very beautifully carried out in the decorations. A three course dinner was served.

That we don't think we're so well known that advertising in this paper doesn't help a whole lot.

There is a Church in this town that has been here over thirty years, still they ring the bell every Sunday morning, yet everyone knows that the Church is here. Any concern that is wrapped up in itself makes a mighty small package, so we want to tell the whole world that there's more pep and power, more sandup and serviceability in the U. S. L. BATTERY. It's growing popularity is based upon its own merits exclusively.

Next Nine Days Offer Bigger Credits; \$100 In Gold Extra For 6 Days Work; End of Campaign Near--14 Days More

Candidates Are Closely Bunched For First Position In Credit Count Wednesday Night

SECOND PAYMENT IS MOST IMPORTANT FACTOR IN GETTING LARGE CREDITS

Mr. Public—Volunteer Your Support For Your Favorite While It Helps Them Biggest

Two special features in connection with the Clippers Great \$3000 Automobile Prize Campaign are demanding the interest and attention of the Candidates and friends this week. One is the offer of \$100 in gold to the candidate who does the best work this week, up to Saturday night. All candidates were notified of this offer Monday morning, and all started on an equal footing to win it. This offer was extra and in addition to the big list of prizes and commissions which will be given March 12th, so candidates are having a chance to earn double this week. While they are getting business toward winning the \$100 the votes are piling up to win the other biggest prize.

The other feature which is of great importance is the "Extension Payment" privilege, which means that when a subscriber re-subscribes during this Second Period, up to March 6 their subscription will count many times more credits than it would if they haven't. These "second payments" will be the biggest factor in winning now, as the candidates are all bunched and it will take something like this to separate them.

Millions Of Credits Last Week.

To say that the closing of the "first credit period" was a success for both this newspaper and its Club Members, would be placing it in mild terms. Millions of credits were recorded. All candidates benefited.

Credits Still Very Large.

During this Second Credit Period, up to 10 o'clock Saturday night, March 6th, credits on subscriptions still count big. In fact they count almost as many credits now as during the period just closed. For example, two 10 year subscriptions this period a total of 200,000 credits. Only the slight difference of 40,000 credits between the past credit period and this credit period. So you can see that the 100,000 extra for every \$20 club still allows you to get large credits for your work.

How Campaign Close.

In closing a subscription campaign of this magnitude the fairest plan to all that is conceivable has been adopted, as we announced at the outset of the campaign. During the entire last week, or last credit period of the campaign, a ballot box locked and sealed, and the keys given to a responsible citizen of Elba will be placed in the lobby of a local bank.

No subscriptions or reports will be received at the Clipper office at all the last week. Candidates will deposit all their credits collected in a plain sealed envelope directly into this box. No one, not even the campaign manager, can possibly know the voting strength of the candidates as they come in on the home stretch. This precludes any possibility of favoritism being shown or inside information being given out. On the last night of the campaign, March 12th, the Advisory Board or board of judges who were named the first week will assemble at the bank, break the seals and unlock the ballot box, count the credits of each candidate therein, add the same to the number that each candidate gathered up to the end of the fifth week, or ending of the second credit period when the campaign will have passed out of the hands of the campaign manager. By adding the credits each candidate will secure the last week and deposit in this ballot box to what they gathered during the first two periods of the campaign the judges will thus be able to render an absolutely correct decision, according to the standing of each candidate in this final count of credits.

The judges are E. F. Blocker, Mayor, H. C. Johnson, Cashier of First National Bank, J. L. Moxon, Cashier of Elba Bank & Trust Co., F. M. Lowery, Pastor of Methodist Church.

The Standing Today.

Today will be noted the present standings of the club members. It goes without saying that the race is so close that if any candidate wastes time now that he or she will, in a broad sense, be forfeiting the right to own one of the motor cars. Every hour of every candidate's time is, in actual dollars and cents, valuable to them. For each has partially won one of the cars, and to hesitate now would be to surrender a \$1,000 credit to the other candidate.

The next count of credits will be made Saturday night, 10 o'clock and sent out by bulletin the following Monday.

A Tip To The Wise Candidate.

Turn in every credit you can get by that time, win the \$100 and head the list in this bulletin. Go to the very top, and the race will be easier for you.

JAY GOULD BOUTWELL IS SHOT AND KILLED BY ALVA LEE.

Jay Gould Boutwell, young white farmer, well known in Elba and throughout this section, was shot and fatally wounded at his home South-west of town near the old Fate Rhodes place, early Monday morning by Alva Lee, well known farmer who lives about three miles South of town.

Boutwell was given medical attention but died about three o'clock Monday afternoon. He was about 36 years of age, and had six children, according to reports, the fatal wounds being in his stomach and neck.

From reports of the unfortunate affair, it seems that the two men had had some misunderstanding about a cow. Lee, who had formerly lived on Lee's place, only recently having moved away. Lee fired at Boutwell when the latter was in the yard of his home, after Boutwell had fired at him. Boutwell claims that Lee fired first. It is understood that Boutwell made a statement to officers before he died, as the likely three witnesses to the affair, so it is said.

Lee came to town shortly after the shooting, and went before Justice A. M. McCollough, who, after hearing witnesses allowed him bond in the sum of \$3,000. Since then he has been at liberty.

We were not informed when a preliminary trial would be held, but understand arrangements are being made for one.

HAIRY VETCH ADDS TONS OF NITRATES TO COFFEE SOILS.

Coffee County farmers demonstrated their interest in better soils last fall by sowing 35 thousand pounds of vetch seed. This crop gathers nitrogen from the air and stores it in the soil for the succeeding corn or cotton crop. Germany increased her yield of wheat from 5 to 60 bushels per acre by building up her soils with hairy vetch.

Mr. Dave Chaney grew 25 bushels of corn per acre after vetch last year and Math McCollough grew a bale of cotton per acre after vetch. These farmers were planted six weeks later than normal.

Let Vetch Stand Till April 1st.

Do not plow up your vetch till April 1st as it is just beginning to do its big growing. In fact, the 10th of April is the best time to turn under vetch if you own any.

Another close race, an Irishman was overheard to say, is the Scotch race.

Now comes the Clipper's big \$3000 in-prizes race to claim distinction of being the closest race of its kind ever known to man in my career as a Campaign Manager for the Metsker-Griffin Syndicate, of Memphis, Tenn.

It is true that the race started earlier unevenly. Some started earlier and others late, but it is a thing of ancient history now. The late entrants have gained ground in a most amazing manner. All spurred on by a desire to win the first prize, the race has become a neck and neck and nose and nose affair, until it is now unsafe to speculate on any particular candidate as the likely winner of the Hudson Coach.

The candidates who were lagging during the First Credit period, took advantage of the biggest offer last week, and to a greater extent than did those who were leading, and as a consequence we now have a line up of Candidates who have the most evenly divided chance to win the first capital prize on March 12th ever known in competition of this nature.

There are scarcely three big subscriptions' difference in any one's standing today, so close are the candidates arrayed.

It will be noted this week that there are several candidates who are not in the running of the race. They were not able to stand the pace set by their more powerful opponents, and fell by the wayside. They lost by not living up to the rules and making a report every week.

This is a race in which these without initiative are without a chance to win the \$1,355.00 auto in just two more weeks.

Much praise and credit is due those who are now endeavoring to win first honors, and let me say to the public at large that every last one of them is due the support of their friends. Your co-operation and support in assisting them to win will no doubt be reciprocated at a future date, so why hold back when your subscription may be the very one your favorite needs to put him or her across.

You can subscribe for the Clipper up to 10 years in advance. If you were two years back when the campaign began, you are entitled to subscribe 12 years, etc. If you are paid in advance a year you can take 9 more years, etc.

SPEAKING OF CLOSE RACES BY B. O. BOWERS Campaign Mate

There have been close races in every kind of event from a county fair potato race to the international speed test, the Pulitzer air race.

The story is that some famous races were:

That won by a track runner in a 50-yard dash because he had a Roman nose, and his opponent had a snub nose; then he have the instance of the horse who had a thick upper lip getting first honors by a fraction of an inch. Still there was another race won in a motorboat speed contest by a boat which had just had a fresh coat of paint, and so won by virtue of its having a coat of paint which was minus a coat of paint. Very close.

Another close race, an Irishman was overheard to say, is the Scotch race.

Now comes the Clipper's big \$3000 in-prizes race to claim distinction of being the closest race of its kind ever known to man in my career as a Campaign Manager for the Metsker-Griffin Syndicate, of Memphis, Tenn.

COLORED SCHOOL FAIR AT ELBA LAST WEEK WAS GREAT SUCCESS.

The colored School Fair that was held February 12th, 1926 at Elba, Alabama was a success. All of the schools of the county were represented. There were interesting remarks by several noted citizens of Elba. Among them were: Judge J. A. Canley, Attorney W. M. Brunson, Miss Jean Langston and others.

President H. C. Trenholm of the State Normal School of Montgomery accompanied by Mr. Lowdres Adams motored to Elba Friday morning. His address was very interesting and inspiring, based on three words, "Learn, Labor and Wait."

We wish to express our thanks and appreciation to the business people and merchants of the city for their donations given for prizes for this fair. Each school received a prize and some individuals. We also thank the judges for their decisions and our colored friends for their hearty cooperation.

The attendance was good, the day ideal and every one expressed themselves as having spent a pleasant day.

Mrs. Lydia Adams, Jeans Supervisor.

22 Years of Leadership

and still Leading in Price ~ Design ~ Quality

	New Price	Old Price
Tudor	\$520	\$580
Fordor	\$465	\$500
Coupe	\$500	\$520
Touring	\$310	\$290
Runabout	\$290	\$260

Supremacy Maintained through Features which Established Ford Leadership

Left-Hand Drive—

Originally introduced by Henry Ford on the Model T car in 1908 and since adopted for most American-made cars.

Three Point Motor Suspension—

First used by Henry Ford in 1902, and a feature of the Model T power plant for eighteen years.

Dual Ignition System—

Dual ignition is provided for Ford cars, (1) the Ford magneto and (2) the generator and storage battery. This has been a great factor in establishing the Ford reputation for reliability.

Planetary Transmission—

Costs more to build than the conventional sliding gear type but gives better light car control.

"We have never lowered the quality of the car to reduce the price"

Multiple Disc-in-oil Clutch—

The multiple disc clutch is generally conceded to be the best and smoothest type for any car. The Ford clutch runs in oil.

Thermo-Siphon Cooling System—

Extremely simple—always efficient. No water pump to require packing. Circulation of water is governed entirely by engine temperature.

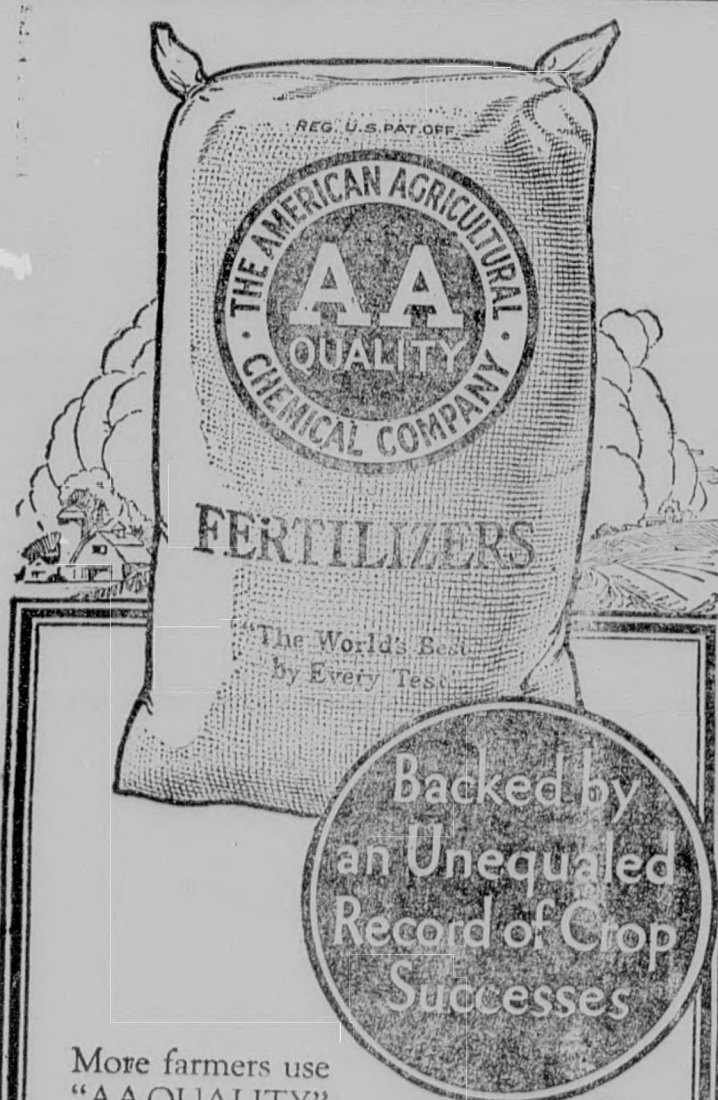

Simple, Dependable Lubrication—

Exceedingly simple, combining the splash principle with gravity flow. No pump required.

Torque Tube Drive—

Henry Ford originated the Torque Tube in 1908—a driving principle now embodied in many of the highest priced cars.

MILLINERY SCHOOL AT NEW BROCKTON.

The Millinery School in the Home Economics Department of the New Brockton School on February 18th, 19th and 20th, conducted by Miss Josephine Eddy, State Clothing Specialist of Auburn was a great success.

Thirteen leaders attended this school from six communities in the county. The principles of Millinery work were taught the leaders through the making of two hats—first a cotton hat and then a silk one. The ladies did unusually splendid work and the hats made would be creditable work for experienced workers but those who attended did faithful and careful work for the first time and were awarded by splendid results.

These leaders from the six communities represented are now ready to help the women in the various home demonstration clubs with their millinery work and also after further training with other phases of clothing problems.

On Saturday afternoon a large number of interested women and girls attended the millinery exhibits and heard Miss Eddy in a splendid helpful talk on Lines of Hats and selections of hats for appropriateness.

Resolution Of Thanks.

Resolved, that we, the leaders of the Millinery School of Coffee County, hereby express our appreciation to Prof. Edson and the New Brockton High School for their generous hospitality and courtesy shown us and for the use of the Home Economics room.

Also we wish to thank Mr. Farris of Elba for bringing over and permitting us to use two Singer sewing machines.

Especially do we wish to thank Mrs. Ward and the other ladies of the Sorosis Club for their hospitality and thoughtfulness in serving us each of the three days with a lovely lunch, which was so nicely prepared and beautifully served.

Sincerely submitted:

Maisie Hatcher,
Mrs. L. J. Folsom,
Mrs. A. H. Goodin,
Committee.

That we don't think we're so well known that advertising in this paper doesn't help a whole lot.

There is a Church in this town that has been here over thirty years, still they ring the bell every Sunday morning, yet everyone knows that the Church is here. Any concern that is wrapped up in itself makes a mighty small package, so we want to tell the whole world that there's more pep and power more sandup and serviceability in the U. S. L. BATTERY. It's growing popularity is based upon its own merits exclusively.
